

# Proper Care

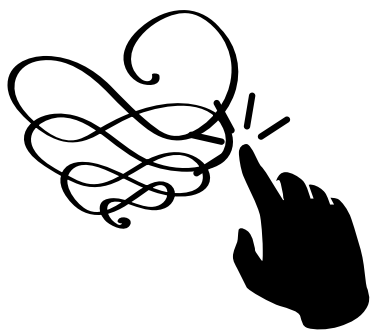

#SpektrumLeos

Spektrum is always looking for top of the line fabrics and materials to make our products. So we can make sure we provide the best quality to our customers. There are factors that can occur that are out of our control. We strongly suggest to communicate this information with parents, gymnasts and coaches:

## Hand Wash

Each Spektrum Product will have the washing instructions on the tag. Not following this can cause damages to your fabric or embellishments.

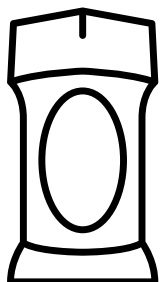

## Care your embellishments

Hands on gymnastics, not on your leo jewels. Constant touching or pulling on your leo embellishments will result in them falling off.

## Watch were you sit

Avoid snagging your leotard. Don't sit on Velcro or sharp edges that can potentially damage the fabric.

## Deodorant warning

Aluminum Chlorohydrate is not a friend of ours. Make sure your deodorant does not contain this because it will potentially discolor the fabric under the armpit area.
